

Options.

The world's #1 selling gateway solution for stopping email-borne threats – inbound and outbound – just got “greener” with two new cost-efficient delivery options:

VIRTUAL

Barracuda Spam & Virus Firewall Vx integrates seamlessly into virtualization frameworks like VMware® while combining the same powerful technology, ease-of-use and value found in our award-winning appliance. Download your free trial at: www.barracuda.com/vx.

HOSTED

Barracuda Email Security Service gives you continuously updated protection with no maintenance required by your IT staff. Use it as your primary solution or augment an existing one. First 10 users per email domain are FREE. Visit: www.barracuda.com/es.

KEY FEATURES

- Anti-spam
- Anti-virus
- Anti-spoofing
- Anti-phishing
- Anti-spyware
- Denial of Service
- Data Leak Prevention

Evaluate any of our spam & virus solutions free for 30 days.
